

Subtract, Nothing is Everything

FLUX 2.0
DRINK KONG 2026

FLUX2.0 ↓

"SubStract" is a fusion of substrate and subtracted:
the hidden structure and the art of removal.

It is the invisible architecture beneath every
sensation, the silent frequency behind every emotion.

To substract is not to take away, but to reveal –
stripping excess until only essence remains.

Invisible waves move through the universe long before
form appears. Quantum vibrations, magnetic fields,
emotional resonances – unseen currents shaping reality
beneath the surface. We do not merely observe them;
we feel them. In the gut. In memory. In desire.

In the inexplicable attraction toward places,
people, flavors and rituals.

FLUX EXISTS INSIDE THIS PERPETUAL MOVEMENT.

Some emerge from experimentation
and creative tension – divided into three distinct
dimensions, three different states of resonance.

Others come from the past:

five Heritage Cocktails that have travelled with
Drink Kong through the years, becoming part of its
identity and collective memory. Familiar vibrations.

Liquid landmarks people return to, again and again.

And then there is another frequency rising.

FLUX 2.0 IS NOT SIMPLY A MENU.
IT IS A LIVING CURRENT.

DRINK KONG
2026

In the world of Flux, subtraction becomes clarity.

A vibration felt before it is understood.

An instinct arising from somewhere deeper than thought.

EVERYTHING BEGINS IN FREQUENCIES.

A flow of ideas inspired by what cannot be fully seen,
yet constantly perceived.

The silent dialogue between intuition and matter.

Between energy and liquid.

Between memory and transformation.

EVERY DRINK CARRIES ITS OWN FREQUENCY.

A NEW NON-ALCOHOLIC DIMENSION,

created not as a compromise, but as an expansion
of the experience itself. Because ritual does not
belong to alcohol alone. Flavor, storytelling, beauty,
connection – these transcend intoxication.

The bar remains a place of presence,
emotion and belonging, both inside and beyond the body.

A MOVEMENT BETWEEN PAST AND FUTURE.

Between subtraction and substance.

Between what disappears and what remains

forever vibrating within us, as memories do.

FLUX2.0 ↓

"SubStract" è una fusione tra substrate e subtracted:
la struttura nascosta e l'arte della sottrazione.

È l'architettura invisibile dietro ogni sensazione,
la frequenza silenziosa che vive dietro ogni emozione.

Sottrarre non significa togliere, ma rivelare –
eliminare l'eccesso fino a lasciare soltanto l'essenza. →

← Onde invisibili attraversano l'universo molto prima
che la forma si manifesti. Vibrazioni quantistiche,
campi magnetici, risonanze emotive – correnti impercettibili
che modellano la realtà sotto la superficie.
Non ci limitiamo a osservarle: le sentiamo.

Nella pancia. Nei ricordi. Nel desiderio.
In quell'attrazione inspiegabile verso luoghi,
persone, sapori e rituali.

FLUX ESISTE ALL'INTERNO DI QUESTO MOVIMENTO PERPETUO. →

← Alcuni nascono dalla sperimentazione e dalla tensione
creativa – suddivisi in tre dimensioni distinte,
tre diversi stati di risonanza. Altri arrivano dal passato:
cinque cocktail Heritage che accompagnano Drink Kong
da anni, diventando parte della sua identità
e della memoria collettiva. Vibrazioni familiari.

Punti di riferimento liquidi a cui le persone
continuano a tornare, ancora e ancora.
E poi c'è un'altra frequenza che sta emergendo. →

← FLUX 2.0 NON È SEMPLICEMENTE UN MENU.
È UNA CORRENTE VIVA.

DRINK KONG
2026

Nel mondo di Flux, la sottrazione diventa chiarezza.

→ Una vibrazione percepita prima ancora di essere compresa.
Un istinto che emerge da un luogo più profondo del pensiero.

← TUTTO NASCE DALLE FREQUENZE.

Un flusso di idee ispirato a ciò che non può essere

→ completamente visto, ma che viene costantemente percepito.
Il dialogo silenzioso tra intuizione e materia.

Tra energia e liquido.

Tra memoria e trasformazione.

← OGNI DRINK PORTA CON SÉ UNA PROPRIA FREQUENZA.

→ UNA NUOVA DIMENSIONE ANALCOLICA,

creata non come compromesso, ma come espansione
dell'esperienza stessa. Perché il rituale non appartiene
soltanto all'alcol. Il gusto, lo storytelling, la bellezza,
la connessione – tutto questo trascende l'intossicazione.

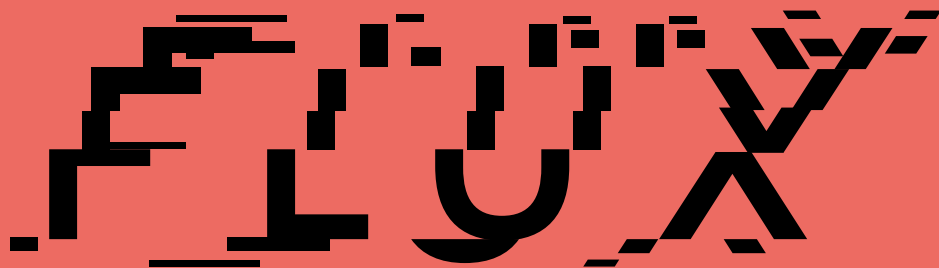

Il bar rimane un luogo di presenza,
emozione e appartenenza, dentro e oltre il corpo.

→ UN MOVIMENTO TRA PASSATO E FUTURO.

Tra sottrazione e sostanza.

Tra ciò che scompare e ciò che continua a vibrare
dentro di noi per sempre, come i ricordi.

Every flow leaves a trace.
Before FLUX, before every new chapter,
there were cocktails that changed the way
we think about drinking.
Born from instinct, refined through experience,
and ultimately shaped by time.
This selection brings together five creations
that have endured beyond trends,
becoming an integral part of Drink Kong's identity
and contributing to the evolution of modern mixology.

We call them Heritage
because they represent our legacy.
We call them New Modern Classics
because sometimes the future
is built upon ideas that have already
proven themselves to be timeless.
